

Dr. Saishyam Narayanan, currently the Chief Executive Officer of IIT Palakkad Technology IHub Foundation (IPTIF).

He was earlier Chief Operating Officer at IPTIF and Chief Manager Strategy, Operations and Business Development at BITS BioCyTiH Foundation as part of the NM-ICPS.

Dr. Saishyam has a PhD in Biotechnology from CSIR-NIIST and has done international Postdoctoral Research at Lund University, Sweden before he joined Biotechnology Industry Research Assistance Council (BIRAC), Department of Biotechnology, Govt of India as a Manager in Technical Department. He served as Manager Technical at BIRAC for 6 years.

Dr. Saishyam is a trained multi-disciplinary S&T professional, especially trained in tech fields like Biotech, Medtech, Life Sciences R&D and Science and Innovation management. His work experience encompasses top premier R&D Institutions and Government and Non-Govt organizations for 15+ years, delivering quality outcomes at every stage of my career. In the past eight years, he has contributed immensely to expanding the footprint of Biotech, Medtech and Deeptech innovation in India. His strength lies in understanding technologies related to healthcare, agriculture and environment, technical and business operations, program management, grant management and organizational strategies.
