IIT Palakkad Technology IHub Foundation (IPTIF) is proud to announce UTKARSH. This event will be instrumental in establishing a symbiotic relationship to enable technological innovations, employment opportunities, breakthrough research, and skilled workforces.

UTKARSH will be venturing into new strong partnerships between academicians and industrialists to drive technology innovations. It not only focuses on bridging the gap between Industry and academia, but also aims to actively identify and solve technological and entrepreneurial issues faced by industries. To that end, we invite industries to attend this event and present their problem statements.

Our agenda

Through UTKARSH, we:

- ③ Offer to address solutions for problem statements from Industry.
- ③ Plan to figure out skill development programs for the present Industry needs.
- ③ Enable access to a larger talent pool through i-TREND centers for internships and employment.
- ③ Enable access to a network of startups, entrepreneurs and industries for collaboration.
